DETAILED ACTION

1. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species as described in the previous Office Action of 02/27/04.

Applicant is advised that a complete reply to this requirement must include an identification of the species that is elected and a listing of all claims readable thereon. Applicant is entitled to consideration of claims to a reasonable number of disclosed species in addition to the elected species provided all the claims to each additional species are written in dependent form or otherwise include all the limitation of an allowed generic claim as provided by 37 CFR 1.141. Applicant's reply must include an identification of such additional species along with a listing of the claims readable on each additional species.

In response to the restriction requirement, applicant elected "single disclosed species" which included claims 1-3, 11, 17, 59-79, 81-88, and 103-104. However, applicant's response is improper and non-responsive for the following reasons. Applicant has included claims 68-70, which are not part of Group I. Additionally, the species for R3, R9, and R12 have not been elected. Further, in claims 11 and 17 for example, R" is "CjHaFb" which is different from the elected species R" of "CJH2L+1". It is noted that the examiner has not checked each claim to determine whether the claim corresponds to the single disclosed species elected. It is applicant's responsibility to determine whether the elected claims correspond to the correct species elected. Additionally, applicant requested the examiner to correct the formula recited in claims 3 and 13 by Examiner's Amendment. The examiner respectively declines. It is applicant's responsibility once again to correct any typographical changes to the claims by submission of a Preliminary

Amendment. The Examiner's Amendment is reserved for making changes to the application once in condition for allowance.

The amendment filed on 10/14/2004 is non-responsive (MPEP § 821.03). Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sharidan Carrillo whose telephone number is 571-272-1297. The examiner can normally be reached on Monday-Thursday, 6:30-3:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael E. Barr can be reached on 571-272-1414. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
